3 ASSEMBLY VARIANTS

A - Visual screw connection

The profile is being visually screwed directly to the wall.

B - Almost invisible screw connection

The profile is being screwed onto the wall and almost invisibly covered with sealing plugs.

C - Invisible screw connection

The carrier profile is screwed to the wall and then the wall protection clipped in invisibly.

D - Wall protection glued

The mounting surface must be absolutely flat and fat-free.

Underground: brick wall sandwich wall other:
